PRODUCT DESCRIPTION

Rondo water tanks are used for the purpose of collecting water.

They are made of monolith piece of polyethylene and offer 100 % waterproofing.

On the top of the water tank, a removable polyethylene cover DN 600 is installed.

A different diameter of inlet and outlet pipes can be arranged on the reservoir.

ADDITIONAL INFORMATIONS

ADDITIONAL EQUIPMENT

Various additional accessories such as filters, level gauge and opening extensions can be installed on the tank. For more informations on additional equipment go to: www.rotoECO.eu or contact ROTO technical support.
